Creation of hidden Fixtures Listing page 'How to Guide'

Login to the CMS

In the main left hand navigation menu, click:

LISTINGS PAGES

Click **Fixture Page** to view/edit/delete any existing pages

Click **+ Add Fixture Page** to add a new Fixtures Page

Complete the form:

Name (for your reference in the Feature Page listing): ie. Tottenham Hotspur v Manchester City. This is also used in the ULR (see below).

H1 Tag: for SEO you'll probably use the fixture, but we wanted to provide you with a separate H1 should you require it: ie. Tottenham Hotspur v Manchester City

Top Content: This is the copy that sits directly under the H1 Title

Middle Content: This is the copy which sits above the fixtures – under the title 'UPCOMING FIXTURES'

Bottom Content: This is the copy which sits below the fixtures

Meta Title: Ideally a maximum of 65 characters

Meta Description: Ideally a maximum of 160 characters

Select First Team: Select the first team you want to display from the dropdown

Select Secondary Team: Select the first team you want to display from the dropdown

Click the [Save and Preview] button – copy the unique URL – in this example it's:
